Make-A-Wish®
ARIZONA

I wish to give new football helmets to my team
Stephen, 17
brain tumor

January 13, 2025

The 40 Reasons Foundation

Dear Leslie,

Thanks to your generosity, Make-A-Wish® Arizona has the unique ability to transform a child's life during some of their most difficult trials. In the fight against a critical illness, each wish serves as a catalyst for renewed strength and encouragement for every child and family on their journey.

After suffering a seizure during football practice, Stephen, 17, was diagnosed with a brain tumor. While in the hospital, his teammates delivered a poster filled with encouraging messages, which became a powerful symbol of hope during his recovery.

When Stephen qualified for a wish, his first thought was to give back. His wish — to provide new helmets for his varsity football team — will help protect the teammates who stood by him throughout his journey.

Make-A-Wish Arizona planned a special celebration to unveil the helmets. After the reveal, every player and coach lined up to hug Stephen, honoring his compassion, selflessness, and character. Stephen's wish is truly one-of-a-kind and will benefit his team and future athletes for years to come.

Together, we create life-changing wishes for children with critical illnesses. You play a role in bringing lasting joy and hope through the work we do every single day.

Thank you for donating 6 Arizona Cardinals tickets and a custom fanatics jersey towards a wish. We greatly appreciate your dedication to granting life-changing wishes; our mission would not be possible without you!

Your donation transforms lives, one wish at a time.

Sincerely,

Fran Mallace
